

TRAINING COURSES

for **teachers & school staff**

Developing skills for a better future

ERASMUS + KA1

About euroMind

euroMind is an International training consultancy based in Andalusia (Spain) specialising in the management of educational projects within Erasmus+ Programme.

At **euroMind** we strongly believe in the importance of international mobility as a means to acquire new competences and invest in one's personal development. For that reason, we make every effort to prepare training programmes that will fully satisfy the professional and educational needs of all the participants.

Where we are?

euroMind delivers training courses in **Seville** which is the artistic, cultural and financial capital of southern Spain, formally the capital of Andalusia. Seville is the fourth largest city of the country.

TRAINING COURSES

for **teachers & school staff**

Developing skills for a better future

About the courses

Objective

euroMind have designed a number of short courses (5 days) with the objective of addressing the needs of present-day schools and teaching staff.

Topics

Courses touch upon a wide range of current education topics, such as motivation, new teaching methods, use of information and communication technology, management of European projects or vocational teaching programmes.

Tutors

These courses have been elaborated in partnership with professionals with many years of experience in the education field.

Delivering method

Our classroom based, fully interactive courses are delivered in a friendly and inspiring atmosphere. The teaching method involves experiential learning and workshop approach with case studies, group activities, simulations, thinking tools and discussions.

Participants are provided with a workbook and other working materials, needed for their active engagement. Apart from that they are given enough time and space for individual reflection.

Language

The courses are conducted in English. For non-English participants interpreting assistance can be provided.

TRAINING COURSES

for **teachers & school staff**

Developing skills for a better future

Who can participate?

European schools which desire to offer their employees an opportunity to develop their professional skills.

In our training programmes can participate:

- Primary & secondary school teachers
- Adult education teachers
- Vocational school teachers
- Managing board & administration staff

ERASMUS+

How to apply?

You need to submit a project application to your National Agency.

euroMind will guide you step by step through the whole process of application and also will assist you with project writing.

Contact us for more information .

We work both via email and Skype video conferences to prepare a successful application.

Cost Free

The courses are 100% funded by Erasmus + Programme, covering all the necessary costs for participants of the programme:

- Course fee and admin cost
- Travel costs to Spain
- Accommodation
- Insurance
- Allowance for living expenses (meals, local transport, cultural activities, etc.)

1. How to integrate ICT in the teaching life

This training will help the participants to discover a range of useful methods of how to integrate new technology like Internet & mobile applications, video technology and computer software into their teaching.

Start dates: 27th July 2015 / 26th September 2016

2. CLIL (*Content & language integrated learning*) immersion & content-based instruction

Thanks to this course participants will learn how CLIL works, how it can be used in classroom, what their advantages are and where the future of this type of learning is.

Start dates: 3rd August 2015 / 9th January 2017

3. Parents & Teachers: strategies for working together

This training will familiarize participants with effective strategies of how to work with parents. Research has proven that when parents and teachers work together students tend to earn higher grades, perform better on tests, attend school more regularly, have better behavior, and show more positive attitudes.

Start Dates: 28th September 2015 / 12th December 2016

4. Early school leaving

The training helps to get a better understanding of present day causes of early school leaving among the young Europeans and methods of both preventing and tackling the problem. Participants will be encouraged to prepare a workable manual of good practices that can be applied in their school environment.

Start Dates: 5th October 2015 / 16th January 2017

5. How to manage behavior problems among learners

Participants will learn how to set up and run a comprehensive classroom management system encompassing among other topics counseling and communication skills; instructional practices for teaching new behaviors and ability to develop positive emotional bonds with students

Start Dates: 18th May 2015 / 11th July 2016

6. Special Needs Children: How to address their needs?

This training will help participants to discover effective methods of providing for the needs of special education students. Teachers can accomplish a great deal by managing the learning environment proactively to prevent behavior problems and promote learning.

Start Dates: 30th November 2015 / 29th Feb 2016 / 6th March 2017

7. Cultivating entrepreneurship in learners' minds

In this workshop, a variety of teaching methods and learning opportunities are presented to enable students (kids, teenagers or VET students) to transform into entrepreneurs by showing them how to think, feel and act like entrepreneurs.

Start Dates: 25th January 2016 / 7th August 2016

8. Creative & critical thinking development in learners

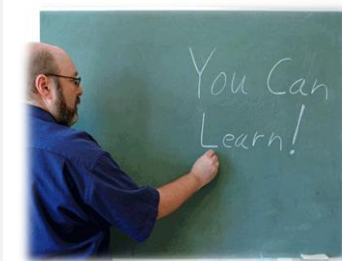

This training's purpose is to teach educators different ways and methods of empowering their students to become creative thinkers, critical thinkers, and problem solvers.

Start Dates: 1st February 2016 / 3th October 2016

9. How to motivate and keep motivated your students

This training will provide participants with a range of useful methods to motivate their students and to encourage them to live up to their true potential. Teachers can play a pivotal role in providing & encouraging motivation in their students.

Start Dates: 5th December 2016 / 28th March 2016

10. ECVET & Europass: Skills & qualifications recognition in the Europe of Tomorrow

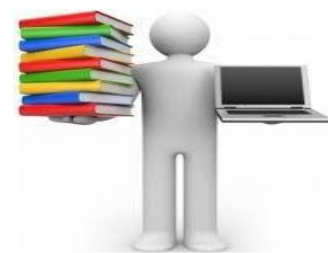

This training will help you get a better understanding of ECVET and Europass Mobility tools, their use and importance in international educational and training partnerships.

Start Dates: 7th December 2015 / 1st May 2017

11. Paperwork digitalization in schools

The purpose of this training is to teach administration and teaching staff a system of how to digitalise paperwork to solve one of the most burning issues that present-day schools are struggling with.

Start Dates: 4th April 2016 / 8th May 2017

12. Make your school environmentally friendly

Participants will get to know effective methods used by their Spanish colleagues in their schools which they can transfer onto their school ground. The course also provides an overview of elements/projects that can be employed in order to integrate renewable energy education into the classroom.

Start Dates: 4th July 2016 / 13th March 2017

Organizational Aspects

- ✓ All courses last 5 days - from Monday to Friday.
- ✓ The minimum number for each course to take place is 4 participants. EuroMind reserves the right to cancel a given course four weeks before the course start date if the number of applicants enrolled is less than 4 participants.
- ✓ In case your organisation is interested in sending at least 4 participants for one specific course then you can propose your own date for the delivery of the course.
- ✓ In case of 1, 2 or 3 applicants from the same organisation, please refer to the established dates for each course.
- ✓ Participants should arrive on a Sunday and departure on a Saturday.
- ✓ EuroMind offer accommodation in self-catering apartments and transfer from/to the Sevilla Airport to all participants.

Contact us!

Please, let us know the training that suits your school and your staff best and we will provide you with a detailed day by day programme with the learning outcomes to be acquired as result of its completion.

Then, download the **KA1 School Education** or **Adult Education** application form from your National Agency's website.

Once you have it downloaded, you can contact us for further assistance. We will guide you step by step through the whole process of completing the form.
